Introduction

EXPERIENCE SUMMARY

Working as Electrical Architect/Product Designer at Philips India LTD Pune since July 2012

Worked at Rayence, South Korea as Assistant Manager (Hardware Design) for about 4 years

Worked at Siemens Information Systems Ltd Bangalore and Randox etc

Over 19 years of experience in end-to-end electronics product/hardware design and development

- DSP, FPGA, ASIC and Microcontroller based digital and mixed signal hardware design
- Experience in high speed board design with DDR2 memory, Gigabit Ethernet, PCI Express, LVDS, Wifi and SATA
- Experience in Data acquisition circuit & analog front end design for Medical Imaging
- Experience in Power supply design for DSP/FPGA/MCU and analog circuits
- Experience in EMC compliant circuit design, testing and CE/FDA complaint product design
- Good knowledge on Signal and Image Processing.
- Experience in complete Hardware Development from requirement analysis, component selection, design, PCB layout verification, system testing and EMC testing.
- Experience in Regulatory testing and Reliability
