Date : 17 May 2021
Time : 0400 PM
Venue : Online
Name of Speaker : Vaibhav Ramesh Patil ONGC Mumbai

Introduction of Program

Competition is part of human life. It is no exception to students. They need to understand the reality of competitive world outside and prepare themselves accordingly to succeed in life. Students preparing for the competitive exams have to get their basics perfect. It requires thorough study of the subjects. Because these kinds of exams will give more importance to conceptual understanding rather than rote learning.

Competitive exams help in improving certain skills like –

Logical reasoning and problem solving skills : When students prepare for the exams, they learn the subjects by solving lot of practical problems. This kind of practice gives them the ability to approach the topic from different ways and enhances their analytical skills.

Language Skills : Some exams like spell bee mainly focus of improving English language learning skills.

Students should plan well, choose subject carefully, time management, mock papers and keep motivation.

More than 106 Students participated from Computer, Electrical and Electronics & Telecommunication Branch.

Outcome

- 1. Students able to develop positive attitude towards competitive exams.**
- 2. Students can discriminate requirements as envisaged by different industries.**
- 3. Student manipulate information to suit competitiveness**
- 4. Students relate their syllabus with competitive exams.**
