3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighbourhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Godavari College of Engineering encourages the faculty and students to participate and arrange the programs which contribute to societal awareness for various issues. The Godavari College of Engineering arranges activities of social importance. There are different student clubs/associations in the college monitored by faculty coordinator & students volunteers.

Rotaract club of Godavari is one such division of Rotary international, through which students take part in social activities and also arrange such activities of important for society.

The activities of institute social outreach programs include organization of awareness programs for environment, Cleanliness of neighbourhood, sensitisation of students and faculties of institute through activities for Birds and animals, Blood donation camps, competitions of students through poster presentation, Patriotic Rangoli exhibitions, tree plantation etc. Personality Improvement through subjects like Basic Human Right programs are also undertaken by the institute for social development of students. From such social initiative faculties and students have become more and more sensitised towards social awareness. This helps everyone including students of the institute in the holistic development and get ready to take initiative towards social responsibilities as a responsible citizen in the society. Institute provides necessary support for students and faculties which in turn help them sensitising social activities in neighbourhood.

One of the impacts of such activities like Tree plantation can be mentioned here. As the institute is situated in the Industrial area, tree plantation really helps in conditioning the environment in the neighbourhood, as the planting more trees would help in curbing the industrial pollution.

Pot Distribution for Birds

Date of Event: 05 May 2022

Location: Campus of GIMR and GF GCOE

Objective: The major aim of such program or activity is to sensitise students and faculties from our institute towards not only humans but also towards Birds and animals around us.

Godavari College of Engineering with GIMR in collaboration with Rotaract club of Godavari organised Pot distribution for birds. As a social responsibility the institute has taken initiative to help the bird to quench their thirst for water in hot and dry summer.

On this occasion Dr Vijaykumar, Principal Godavari college of Engineering and Mr Mahesh H Patil from electrical Engineering Department along with Dr Prashant warke were present for this event.

On this occasion Dr Vijaykumar and Dr Prashant warke has elaborated the idea behind the work of pot distribution. Also, as they said the pots must be kept at such places where the human interference and rush must be avoided due to which the animals and birds could fearlessly an come and quench their thirst.

Along with students from GF Godavari College of Engineering, the students from GIMR BBA MBA etc were also present. Also, Staff members were present for this activity.

No of Students: 30

No of Faculty:25

Outcome: This activity encouraged the faculty and students to be sensitive towards birds and animals in the hard times. Students and faculty also wished to take part in more such activities and keep themselves close to nature.

Blood Donation Camp 2022

Gfs Godavari college of Engineering Jalgaon with Rotary Bramhadatta Blood Bank
Jalgaon

Date: 23/2/2022

Objective: To sensitize Students and faculties from GFs Godavari College of Engineering Jalgaon, about the social responsibility of a good citizen. To help people in need by acting on problems of society.

Blood donation is life donation, blood donation is the best donation.

Human creation is the greatest work of God. Human life is God's gift. Human beings have tried to make their life healthy and happy by doing many new experiments with the strength of their intellect. Even so, humans have not been able to find a substitute for blood till date. The blood of one human goes to another human in need. Accidental excess bleeding, psoriasis, anemia, blood cancer, postpartum hemorrhage and other serious diseases can lead to death if the patient does not receive blood at the right time. In that case, the blood of one human being can save the life of another human being. Because human blood is not manufactured in any factory and the blood of any other animal cannot be used by humans, blood has acquired unique universal importance.

On the occasion of annual gathering and birth day of honorable president of Godavari Foundation Dr. Ulhas V. Patil Blood donation camp was organized on 23/2/2022. At the time of inauguration president of Godavari Foundation Dr. Ulhas Patil, Dr. Ketki Patil, Dr. Aniket Patil, Principal Dr. V. H. Patil, other teaching faculty, non-teaching staff and students were present. Blood bank of Dr. Ulhas Patil medical college and hospital was invited to arrange blood donation camp in Godavari College of Engineering, Jalgaon.
