**About GPE COEE**  
Godavari College of Engineering (GCE) was started by Godavari Foundation in 1969 to impart quality education in the field of Engineering & Technology. College of Engineering is just one of the various IT/Technical Institutes run by the group with high academic values & values of excellence (being started in 1969) in 1999 in Jalgaon. College is approved by AICTE, New Delhi, recognized by State of Maharashtra and affiliated to Dr. Babasaheb Ambedkar Technological University, Jalgaon. High standards and HONOR awarded. The centers are considered in the process having well advanced Computer Labs, Conference Halls, Library and other facilities. A vast bank of experienced and qualified faculty bears the responsibility to impart knowledge to aspiring students in GPE. High standards of International and Academic Excellence across various colleges come to professionals from our students. Innovation and creative potential in their respective field is a continuous activity of the GPE. It continues to bring new innovations. GPE provides the students with a well-structured plan to strengthen their engineering practical knowledge. The college is running four engineering undergraduate programs (B.E., B.Tech & three engineering post-graduate programs (M. Tech) along with two courses in short-term (certificate) diploma. Each course is designed to cater to the requirements of the industry. The three courses provide the students the industry of experience that they would face in real life situations in the Technical Industry and Entrepreneurial world.

## "शपथ"

तंबाखू, जर्दा, खर्चा आणि धूम्रपान हयांच्या  
दुष्परीणामांची मला जाणीव आहे.

म्हणून मी जन्मभर, ह्या व्यसनांपासून  
दूर राहण्याचा संकल्प करित आहे.

माझे कार्यालय, माझे घर, आणि माझा परीसर  
तंबाखूमुक्त रहावा, इतरांनी तंबाखूजन्य पदार्थांचा  
परित्याग करावा, ह्यासाठी मी प्रयत्न करेन.

भारत सरकारचा तंबाखू नियंत्रण कायदा २००२ ची  
प्रभावी अंमलबजावणी व्हावी यासाठी मी सतत प्रयत्नशील राहीन.  
माझ्या अधिपत्याखालील सर्व आरोग्य संस्था तंबाखू मुक्त करेन.

मी, माझे कार्यालय, माझे घर, माझे गाव  
आणि माझा महाराष्ट्र राज्य तंबाखूमुक्त करण्याचा प्रयत्न करेन  
करा सुदृढ हृदयाचा स्विकार, द्या तंबाखूला नकार...

## आशा/ए.एन.एम./एम.ओ यांनी ग्रामसभेमध्ये बोलावयाचे मुद्दे

- १) तंबाखूमुळे आरोग्यावर खूप दुष्परिणाम होतात. टोक्याच्या केंसापासून पावाच्या नखा पर्यंत तंबाखूचे दुष्परिणाम दिसून येतात.
- २) तंबाखूमुळे उच्चरक्तदाब, मधुमेह, कर्करोग व पक्षाघात यासारखे आजार होतात.
- ३) गर्भवतरागात तंबाखूचे सेवन केल्यामुळे बाळ्यामध्ये कुरीपण, बाळ्याचे वजन कमी अरूपे ही लक्षणे दिसून येतात.
- ४) तंबाखू चापान्या व्यक्तींमध्ये अर्धगवयूचे प्रमाण जास्त दिसून येते.
- ५) उच्चरक्तदाब, मधुमेह, कर्करोग हे आजार जिवंतरीतीची निगडीत असल्यामुळे आपणाय जिवंतरीती सुधारण्याची नितात आवश्यकता आहे.
- ६) जसे की रोज २५ मिनीटे चालले पाहिजे.
- ७) तेलकट, खारट पदार्थ जसे- लोखणे, पापट इ. यांचा आहारात कमी वापर करावा. समोसा, कट्टा वडा, गोड पदार्थ, जित गंग जसे की कोकाकोला, पेसी इ. सारंवार चहा पिणे याचर नियंत्रण ठेवावे.
- ८) आपले वजन नेहमी नियंत्रीत ठेवावे. ताजी वळे, हिरव्या फळेभाज्या व बडधान्य यांचा जेरपात जास्त वापर करावा.
- ९) ३० वर्षांवरील सर्व व्यक्तींनी त्यांची रगतची मधुमेह, उच्चरक्तदाब व कर्करोगासाठी दरवर्षी निदीमात आपल्या जवळच्या आरोग्य केंद्रात तपासणी करून घेतली पाहिजे. यामुळे आपण मधुमेह, उच्चरक्तदाब व कर्करोग यांना टाळू शकतो.
- १०) आपण जसत मुक्त राहणे याच/तंबाखू खाऊ नवे. तंबाखूचे हे सर्व दुष्परिणाम पाहून आज आपण सर्व याचरती तंबाखू सुफतीची तपस घेऊया.

## **ABOUT the institute GF's GCOEJ:**

**GF's Godavari College of Engineering, Jalgaon (GCOEJ)** was started by Godavari Foundation in 1999 to impart quality education in the field of Engineering & Technology. Godavari College of Engineering is just one of the ventures of Godavari Foundation set up by person with high academic record at the behest of very young altruist Dr. Ulhas Patil in 1999 at Jalgaon. College is approved by AICTE, New Delhi; recognized by DTE, Govt. of Maharashtra and affiliated to Dr. Babasaheb Ambedkar Technological University (Dr. BATU – a Maharashtra State Technical University), Lonere, Raigad from 2017. The courses are conducted in the premises having well infrastructure, Computer Labs, Conference halls, Library and other amenities. A Core team of experienced and qualified faculty bears the responsibility to impart knowledge to aspiring students in GCOE. A right blend of Industrialists and Academia from various other colleges, come to professionally train our students. Interaction with eminent personalities in their respective field is a continuous activity at the GF's GCOEJ. In addition to giving them value-added skills, College provides the students with a solid foundation base to strengthen their engineering practical knowledge.

### **We have various courses in following streams:**

#### ***Bachelor of Technology (B.Tech.):***

**Mechanical Engineering (intake-60)**

**Electrical Engineering (intake-60)**

**Electronics & Telecommunication Engineering (intake-30)**

**Computer Engineering (intake-60)**

#### ***Master of Technology (M-Tech):***

**VLSI and Embedded Systems (intake-18)**

**Computer Engineering (intake-18)**

**Thermal Engineering (intake-18)**

#### ***Engineering Diploma Courses:***

**Electrical Engg. (Intake-60)**

**Mechanical Engg. (Intake-60)**

**Computer Engg. (Intake-60)**

Each course is designed to cater to the requirements of the Industries. The above courses prepare the students for the plethora of experiences that they would face in real life situations in the Technical Industry and entrepreneurial world. Jalgaon, developing as a decent city, with district headquarter, is famous all over India as the center of foremost banana growing area. It has recently acquired the fame as "GOLD CITY" for heavy gold trading and its MIDC has several industries of international repute. The district has been producing intellectual manpower spread not only all over India but through major developed and developing countries in the world.

### **VISION OF THE COLLEGE:**

To develop the Godavari College of Engineering as a center of excellence in technology, where to develop leadership quality, self driven motivated new technical generation of students with right character and good disciplined citizen of India to ensure India to emerge as a most developed nation by 2020, bringing back the ancient glory of India as a creator.

### **MISSION OF THE COLLEGE:**

*"Civilization through Technology"*

To develop extraordinary technical human resource that can drive India always ahead to keep pace with the development process unleashed by the world technical experts to achieve civilized society of India.

## About the ICRAEST-2021

One day virtual International Conference on Recent Advances in Engineering, Science & Technology (ICRAEST-2021), academic Year 2020-21 is aimed for interdisciplinary exchange among professionals in the Science, Engineering and Technology sector, ranging from Researchers, Academicians and Business professionals, who are working in this field. This event will also comprise of keynote addresses by experts from leading Institutions and Research Organizations. This unique opportunity that we extend to our speakers and author delegates to abstracts their research in getting global visibility in addition with the networking opportunities before, during and after the conference. The conference is organized in association with Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere-Raigad (M.S) and International Journal of Innovations in Engineering & Science (IJIES), ISSN: 2456-3463 with a CrossRef DOI :10.46335 and SJIF: 5.856. The proceeding of the ICRAEST-2021 is with **ISBN: 978-81-949989-6-9**.

### Objectives:

- \* This conference emphasizes evidence-based practice, educational innovation, practical application, and peer-to-peer networking.
- \* The goal is to provide a transformative professional Development experience through bringing together the world's scientific & technical experts to catalyze the most recent research findings and advance scientific knowledge about Intellectual Advancements in Engineering, Technology.
- \* To encourage the delegates for technical writing and presentation based on their original research work.
- \* The conference seeks to identify & promote the R&D activities at the individual as well as at the institutional level.

## Inauguration...

One day Virtual International Conference on Recent Advances in Engineering, Science and Technology (ICRAEST-2021) was held in GF's Godavari College of Engineering, Jalgaon (GF's GCOEJ), which was scheduled on 16<sup>th</sup> July, 2021.

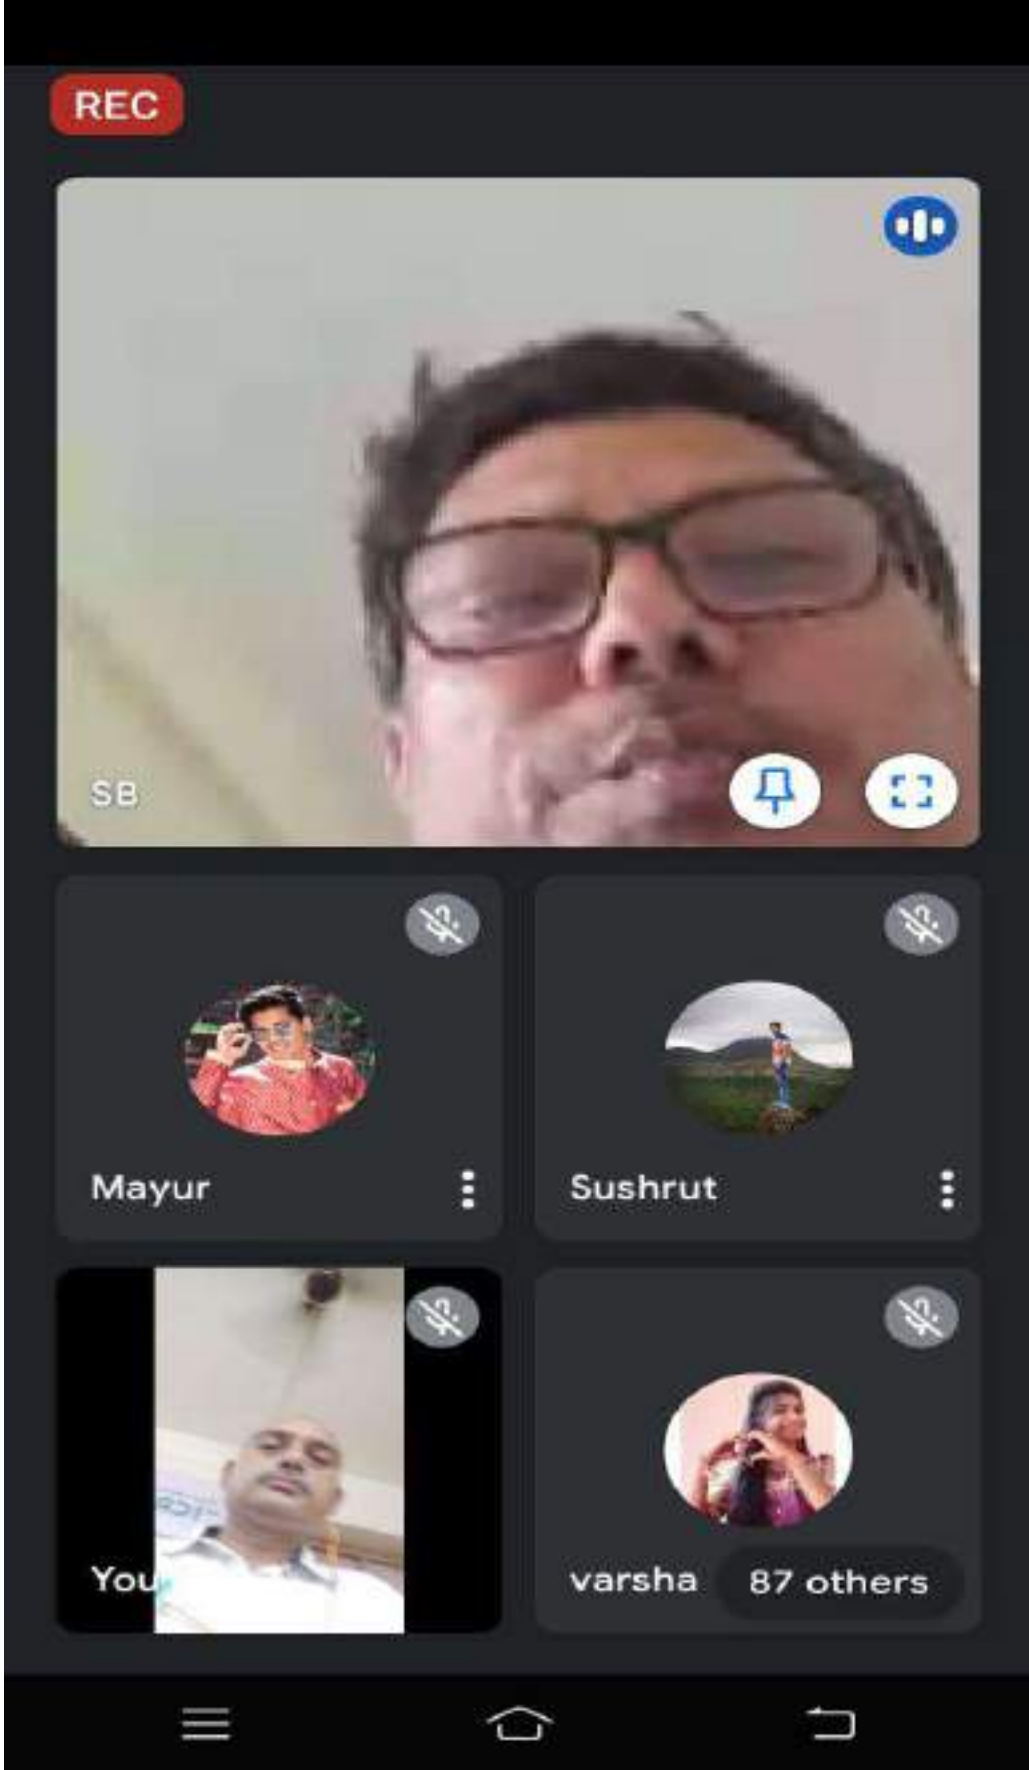

The conference was virtually inaugurated by our respected guest of honor, Hon. President - Godavari Foundation Dr. Ulhas Patil sir and in presence with Dr. S. B. Deosarkar, Professor & Dean (Alumni and Extension), Dr. BATU, Lonere and the **Eminent Keynote Speaker, ICRAEST-2021, respected Dr. V. H.**

Patil - Principal, respected Prof. P. V. Phalak - Vice-Principal, Prof. H. T. Ingale - Convener, ICRAEST-2021 and Prof. V. D. Chaudhari, Co-convener ICRAEST-2021 along with virtual meet (google meet) team.

Keynote address...

Dr. S. B. Deosarkar, delivering his expert talk on the topic: "**Global Perspective towards Skilling and Futuristic Workforce Development**".

In this aspect, the Sustainable Future Economy is focused by giving example of Care economy & Blue economy. It has been came to highlight that in developed countries, the ratio of working robots is 106 behind every 10,000 employees while in India only 4 to 5 working robots. It's worth appreciable that in India around 8 to 10 Lac students prefer to go for higher education.

In Maharashtra highly educated candidates contributes around 15% in GDP. In current scenario, European countries has business of \$40,000 per year in the technical areas like Artificial Intelligence, Data Science and Machine Learning; while our country has business of \$2000 per year in this emerging areas.

To speak on Green economy; the environment, carbon emission and global warming issues has much affected Indian agriculture and farming. From overall \$ 2.6 Trillion economy of India, only 0.6% are spent on research activities and 4% on primary education. This is think because it's contradictory compare to other developed countries. This lacuna should be filled up with very deterministic policies and its really countable that Indian education sector is now improving in that direction. To talk on India's Engineering education, the iconic industrialists should morally come forward and initiate the digitalization of Engineering education. The conventional classroom system seems fall back now due to fast improvements in teaching and learning skills and today's high caliber and high grasping Indian youth. We need to strongly expose the Industry-Institute interaction. Also a need to integrate this with learning of Redesigning to improve the talent quality. We need to improve communication with various related learning groups of our interest. Moreover, the gaming concept should be developed through digital skilling. PPP model can prove to be very much effective in public and private partnership in cultivating liberalization, limited freedom with ethics and globalization to move towards impactful and innovative engineering education in India.

Finally Prof. Vijay D. Chaudhari, the Co-convener – ICRAEST-2021 has concluded with vote of thanks to eminent speaker and participants along with all ICRAEST-2021 committee members who has dedicated their skill for the grand success of the conference.

## Multitasking Human Body Measurement

**Abstract** - In my major project we can measure heart rate, pulse rate, blood pressure and body temperature. Heart rate reading will be displayed on LED by measuring the time between the two signal peak values and after that calculating the frequency of beats per minutes. Now a days we frequently visit to the doctor to get their vital signs measured. There is number of tools for non-invasive methods of measurement of these vital signs. The main objective of this proposed project is that to design and implement a reliable, low powered, cheap, non-invasive, and accurate system that can be used on a regular basis and monitors the vital signs and displays the output to the LCD. This data will easily be obtained by this instrument which is wireless network. This project specifically deals with the data collection and signal conditioning of three vital signs: heart rate, blood pressure, and body temperature. Heart rate is measured through an Electrocardiogram that can be obtained by attaching skin surface electrodes on the patient's wrists and fingers. Blood pressure combines the methodologies of Electrocardiography and Photo plethysmography to continuously monitor the systolic and diastolic blood pressure. Body temperature is measured inside the arm with a thermistor.

**Abstract**- Now-a-days the amount of power consumed by lighting and streets shares a major energy demand. The Street light Automation system helps in reducing the energy consumption. Generally, street lights are switched on for whole night and during the day, they are switched off. But during the night time, street lights are not necessary if there is no traffic. Saving of this energy is very important factor these days as energy resources are getting reduced day by day. To overcome from this problem, a proper energy saving methods and lighting control to be implemented. The proposed work is to have two controls like, one is to switch OFF/Dim lights during no vehicle moments in streets and automatically switch it ON when vehicles arrive and the other modes are to give less intensity light for pedestrian and to switch on bright mode during vehicle moments at sides on the roads. In this work the LED lights are used for street arrangement, LDR is used as decide day night time and IR sensor used vehicle movement. It automatically switches the lights ON when the sunlight goes below the visible region of our eyes. This is done by a sensor called Light Dependent Resistor (LDR) which senses the light actually like our eyes. It automatically switches OFF/Dim lights whenever the sunlight comes visible to the sensor. The control signals of sensors have been fed to Arduino Nano board (ATMEGA328). In the Arduino Nano board the control logic is implemented to control lights based on vehicles and pedestrian moments with bright and dim mode of operation and to switch DIM lights during no vehicles.

**Name of Event- Green Campus through Staff and Students Participation  
Tree Plantation**

**Total present-50**

**Objective:** To maintain the pristine purity and beauty of the college to provide a congenial atmosphere for the academic and non-academic pursuits Nurturing Plants is one of the non-academic pursuits that develop eco-concern among the students and all staff members.

The College has always tried to make a green campus and constant steps are taken towards it. From the various event and programs like Van Mahostav College is trying to create environment consciousness among the staff and students College campus atmosphere becomes natural, pure and beautiful. Planted trees, ornamental plants, shrub, bush plants helps maintain ecological balance by inviting birds and butterflies. Indirectly reduces pollution by increasing oxygen in environment.

गोदावरी अभियांत्रिकी महाविद्यालयात माजी विद्यार्थ्यांच्या (अॅल्युमिनिज) माध्यमातून विद्यार्थ्यांना मार्गदर्शन गोदावरी अभियांत्रिकी महाविद्यालयामध्ये संगणक विभागामार्फत विद्यार्थ्यांसाठी 21 नोव्हेंबर 2022 रोजी माजी विद्यार्थ्यांचे मार्गदर्शन आयोजित करण्यात आले होते.या कार्यक्रमासाठी महाविद्यालयाचे ट्रेनिंग अँड प्लेसमेंट ऑफिसर डॉ. विजयकुमार वानखेडे, संगणक प्रमुख प्रा. निलेश वाणी आणि महाविद्यालयाचे माजी विद्यार्थी मनीष माहेश्वरी (Allure Commerce LLP), दिव्य पटेल(Ninja Techno Labs) आणि अली अजगर(Entrepreneur AZ Guards, LLP) हे उपस्थित होते.मार्गदर्शनामध्ये त्यांनी Self Analysis, Self Development, Management, communication Skill या महत्त्वाच्या विषयांवर प्रकाश टाकला. नामांकित कंपन्यांमध्ये निवड होण्यासाठी या सर्व बाबी अतिशय महत्त्वाच्या असतात व त्यानुसार विद्यार्थ्यांनी मार्गक्रमण करणे गरजेचे असते.औद्योगिक क्षेत्रातील मनुष्यबळाकडे काही विशेष कौशल्य असल्याशिवाय त्यांना रोजगाराच्या संधी प्राप्त होत नाही. त्यामुळे महाविद्यालयीन कार्यकाळातच विद्यार्थ्यांनी अधिकाधिक कौशल्य आत्मसात केली पाहिजे.स्पर्धेच्या युगात व्यक्तिमत्व विकासाला अनन्यसाधारण महत्त्व प्राप्त झाले असून त्यावरून नोकरीसाठी निवड होण्याची शक्यता वाढली आहे. त्यामुळे प्रकर्षाने व्यक्तिमत्व विकासाला प्राधान्य देणे हे खूप गरजेचे आहे. त्याचप्रमाणे या सर्व विद्यार्थ्यांनी महाविद्यालया शी निगडित असलेल्या त्यांच्या सर्व आठवणींना उजाळा दिला.सदर कार्यक्रमास महाविद्यालयाच्या विद्यार्थ्यांनी उत्स्फूर्त प्रतिसाद दिला.कार्यक्रमाचे सूत्रसंचालन गणेश राज पाटील या विद्यार्थ्याने केले.

**Cost structure:**  
In this block, you identify all the costs associated with operating your business model.

You'll need to focus on evaluating the cost of creating and delivering your value propositions, creating revenue streams, and maintaining customer relationships. And this will be easier to do so once you have defined your key resources, activities, and partners.

Businesses can either be **cost-driven** (focuses on minimizing costs whenever possible) and **value-driven** (focuses on providing maximum value to the customer).

## 2 Customer relationships

you need to establish the type of relationship you will have with each of your customer segments or how you will interact with them throughout their journey with your company.

There are several types of customer relationships:

- **Personal assistance:** you interact with the customer in person or by email, through phone calls or other means.
- **Dedicated personal assistance:** you assign a dedicated customer representative to an individual customer.
- **Self-service:** here you maintain no relationship with the customer, but provide what the customer needs to help themselves.
- **Automated services:** this includes automated processes or machinery that helps customers perform services themselves.
- **Communities:** these include online communities where customers can help each other solve their own problems with regards to the product or service.
- **Co-creation:** here the company allows the customer to get involved in the designing or development of the product. For example, YouTube has given its users the opportunity to create content for its audience.

You can understand the kind of relationship your customer has with your company through a [customer journey map](#). It will help you identify the different stages your customers go through with...

## 7 Key Partners

Key partners are the external companies or suppliers that will help you carry out your key activities. These partnerships are forged in order to reduce risks and acquire resources.

Types of partnerships are:

- **Strategic alliance:** partnership between non-competitors
- **Cooperation:** strategic partnership between partners
- **Joint ventures:** partners developing a new business
- **Buyer-supplier relationships:** ensure reliable supplies

## Overall Report of the Activity

**Date:** 17/01/2023

**Time:** 10.30 AM TO 11.30 AM

**Speaker:** Daniel C, Ph. D  
Assistant Professor,  
Department of Civil  
Engineering,  
Hindustan Institute of  
Technology and Science,  
Chennai, India

**Topic:** Entrepreneurship and  
Innovation as Career

### **Speaker Profile:**

Dr. Daniel C received his B. Tech, M. Tech, Ph. D program from Karunya Institute of Technology and Sciences, Coimbatore, India. He served at Karunya Institute of Technology as Junior and Senior research fellow for a DST project outlay of 2.57 Crores from 2016- 2019. He worked as a Senior Project Scientist in Meta Lab as a post doctoral researcher in IIT Delhi. Currently, he is working as an Assistant Professor, Department of Civil Engineering, Hindustan Institute of Technology and Science, Chennai. His teaching and research interests include on Smart Materials, Supplemental Damping Device, Energy Harvesting Device, Vibration Control Techniques and Hybrid Simulations. Dr. Daniel C has published more than 27 indexed research publications in reputed International Journals and Conferences. He is the Research trainer and Ex Founder for Manuscriptpedia, Kanyakumari and MSME Research training programs. He is a member of American Society of Civil Engineers, the American Society for Testing and Materials, the Institution of Structural Engineers, and the International Associations of Engineers. He is the reviewer of 8+ SCI-indexed journals.

### **Key Learning and Take-Aways:**

Dr. Daniel C addressed both innovation & entrepreneurship simultaneously. According to him, both are very closely related phenomena. Innovation requires entrepreneurial behavior. In this session, Dr. Daniel C emphasized some key areas that must be kept in mind when we are progressing in innovation & entrepreneurship that are -

- Focus on being a entrepreneur
- Innovation should address all the people in the society
- Economic growth of the society as well as the country mostly depends on entrepreneurs.

According to him, innovation whatever it is small or large; it must be unique in nature. From this session we all learned to identify & address the problem in the existing society, find out its solution in an innovative way that opens the door of entrepreneurship.

• Institution innovation council (IIC) of Godavari foundations Godavari College of Engineering, Jalgaon Maharashtra organized one day sensitization program on Entrepreneurship & Innovation as Career in online mode (Google meet platform). It was well-received by more than 40 participants from students & faculties of Institute. The event was started at 10.30 am. Prof. Atul Barhate Head Electrical Engineering, Convener & Innovation, IIC started the session with a warm welcome to all the attendees. Then the president of IIC Dr. Vijaykumar, Principal of this college delivered his small inaugural speech, next to him Prof Hemant Ingle Head E&TC Department and Vice-President IIC. After the end of the introduction session, it was taken over by the eminent speaker Dr. Daniel C who is currently the Assistant Professor of Department of Civil Engineering, Hindustan Institute of Technology and Science, Chennai. The Program is Coordinated By prof. Mahesh H Patil, Anchoring is done by Prof Lalita Patil and Online activities are managed by Prof Prashant Shimpi.

- Key areas of his discussion are –
- Innovation must be sustainable
- It should address all the people in the society
- Economic growth of the society as well as the country
- Cost effectiveness of the new product or service

He boosted the confidence of all the attendees with his interactive presentation and encouraged them all to believe in themselves. He ended his lecture with a small questions and answers session with the attendees. The vote of thanks was delivered by Professor Lalita Patil

## गोदावरी अभियांत्रिकी महाविद्यालय येथे बालदिन उत्साहात

जळगाव - बालदिन साजरा करण्याबाबतचा उद्देश पंडित नेहरूंना आदरांजली अर्पण करणे हा आहे. लहान मुलांच्या लाडक्या चाचा नेहरूंना आदरांजली म्हणून त्यांच्या जन्मदिनी १४ नोव्हेंबरला भारतात बालदिन साजरा करण्यात येतो. गोदावरी अभियांत्रिकी महाविद्यालयामध्ये त्या अनुषंगाने १४ नोव्हेंबर २०२२ या दिवशी बालदिन साजरा करण्यात आला.

याप्रसंगी महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील, महाविद्यालयाचे अधिष्ठाता प्रा. हेमंत इंगळे, सर्व विभाग प्रमुख, शिक्षक व शिक्षकेतर कर्मचारी आणि विद्यार्थी वर्ग उपस्थित होते. या प्रसंगी पंडित जवाहरलाल नेहरू यांच्या प्रतिमेस पुष्पहार अर्पण करून आदरांजली अर्पण करण्यात आली. त्वानंतर महाविद्यालयात शिक्षण घेत असलेल्या प्रथम वर्षाच्या विद्यार्थिनी संजना नेमाडे, दिव्या महाजन व सानिका

राजकुळे यांनी जवाहरलाल नेहरू यांच्या बद्दल व १४ नोव्हेंबर या दिवसाबद्दल त्यांचे मनोगत मांडले. तसेच महाविद्यालयाच्या प्रा.दिपाली पाटील यांनी बाल दिनाचा इतिहास व पंडित जवाहरलाल नेहरू यांचे लहान मुलांवर असलेले विशेष प्रेम याबद्दल सांगितले. बालदिन साजरा करताना आपण अर्थातच चाचा नेहरूंचे विचार समजून

ध्यायला हवेत. मुला मुलींना सुरक्षित आणि प्रेमाच्या वातावरणात वाढवले गेले पाहिजे तसेच त्यांना आपले आयुष्य फुलविण्याच्या आणि पर्वायाने देशाच्या विकासात भर घालण्याच्या समान संधीही मोठ्या प्रमाणात मिळाल्या पाहिजेत. अशा आनंदी वातावरणात महाविद्यालयामध्ये बालदिन साजरा करण्यात आला.

## गोदावरी अभियांत्रिकी महाविद्यालयामध्ये सायबर सिक्युरिटी या विषयावर मार्गदर्शन

जळगाव : डिजिटल शिक्षणाच्या युगात विद्यार्थ्यांना सायबर फसवणुकीची जाणीव करून देत तांत्रिक ज्ञान देणे अत्यंत गरजेचे झाले असून गोदावरी अभियांत्रिकी महाविद्यालयात पोलीस रावर्गिंग डे च्या निमित्ताने दि. ३ जाने. २०२३ रोजी सायबर सिक्युरिटी या विषयावर कार्यक्रम आयोजित करण्यात आला.

या कार्यक्रमाला प्रमुख मार्गदर्शक श्री दिलीप चिंचोले (हेड कॉन्स्टेबल), स्वाती पाटील (हेड कॉन्स्टेबल), प्रवीण वाघ (हेड कॉन्स्टेबल) हे उपस्थित होते. त्यांच्यासोबत महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील, प्रा. हेमंत इंगळे (अधिष्ठाता), सर्व विभाग प्रमुख आणि विद्यार्थी उपस्थित होते.

कार्यक्रमाच्या सुरुवातीला मान्यवरांचे पुष्पगुच्छ देऊन स्वागत करण्यात आले. मार्गदर्शनामध्ये त्यांनी वेबसाईट तपासणी, फायनान्शियल फ्रॉड, नॉकरी बद्दल होणारी फसवणूक तसेच विविध

ऑनलाइन शॉपिंगच्या माध्यमातून फ्लिपकार्ट व अमेझॉनची खरी वेबसाईट कशी ओळखावी याबद्दल माहिती दिली.

आज-काल आपला डाटा हा वेगवेगळ्या माध्यमातून विकला जातो, त्यामुळे विविध ठिकाणाहून आपल्याला कॉल्स तसेच मेसेजेस येत असतात.

तसेच काही विना आवश्यक ॲप्स आपल्या मार्फत इन्स्टॉल केले जातात, अशा प्रकारच्या चुकांमुळे आपली प्रायव्हॅसी ही धोक्यात येते. त्यामुळे

वाबद्दल आपण जागरूक राहणे गरजेचे आहे.

तसेच त्यांनी सायबर सिक्युरिटी मधील करिअर वर प्रकाश टाकला. सायबर सिक्युरिटी मध्ये विद्यार्थ्यांसाठी वेगवेगळ्या संस्थांमध्ये अभ्यासक्रम शिकविला जातो त्या माध्यमातून विद्यार्थ्यांना करिअर करण्याची संधी असते. सायबर सिक्युरिटी ही एक प्रकारची सुरक्षा असते जी इंटरनेट सोबत जोडलेल्या सिस्टीम साठी एक प्रकारची सिक्युरिटी असते

त्यामुळे कोणत्याही प्रकारे आपला डाटा चोरी होऊ शकत नाही. सायबर क्राईम गुन्हाबद्दल ग्रामीण भागामध्ये लोकांना जागरूकता कमी आहे, त्यामुळे तरुण वगैरे पुढाकार घेऊन वेळोवेळी अवेअरनेस प्रोग्राम घेण्याची गरज आहे. त्या माध्यमातून त्यांनी युवकांना हे कार्य करण्यासाठी आवाहन केले. कार्यक्रमाच्या शेवटी विद्यार्थ्यांनी सायबर सिक्युरिटी संदर्भात प्रश्न विचारली, त्यांचे शंकर निरसन मान्यवरांनी केले.

कार्यक्रमाला विद्यार्थ्यांचा उत्स्फूर्त प्रतिसाद लाभला. कार्यक्रमाचे सूत्रसंचालन व आभार प्रदर्शन प्रा. दिगाली पाटील यांनी केले. इंटरनेट सुरक्षेबाबत आज सातत्याने बोललं जातं पण तरीही तरुणांमध्ये त्याबाबत अद्याप जागरूकता नसल्याचे समोर आले आहे. देशात सायबर गुन्हांमध्ये वाढ होत आहे हे माहिती असूनही त्याबद्दल पुरेशी काळजी घेण्यास तरुण इच्छुक नसतात. त्या अनुषंगाने

## Day-2

# Day-3

The screenshot shows a Google Meet window with a presentation slide titled "Challenges". The slide content is as follows:

### Challenges

- Negation**

Just because a sentence contains negation (e.g., no, not, -non, -less, -do), it does not mean that the overall sentiment of the statement is negative. Current negation detection methods are not sufficient to classify the sentiment correctly. For instance, "It was not unpleasant" is a statement with negation and can be classified by the algorithm as negative, but it conveys a positive meaning.

**Solution:** Train your algorithm with large datasets, including all possible negation words.

The interface also shows a "People" panel on the right with participants: Prashant Shimpi (You), Abhay Khetani, Anil Kumar Venkatesh, and Arvind Lokhande. The bottom status bar shows the time as 11:33 AM and the host as ddb-josd-vop.

### Challenges

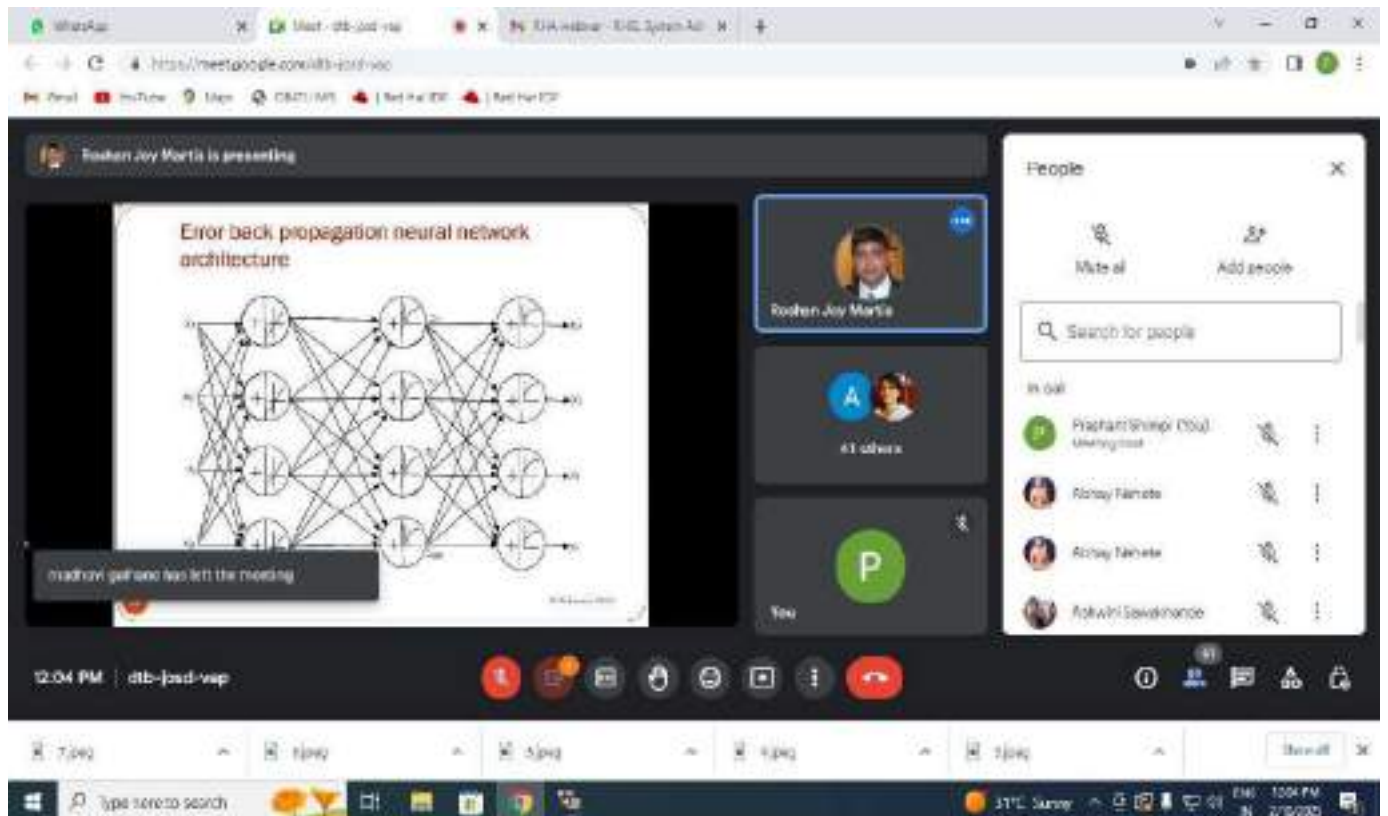

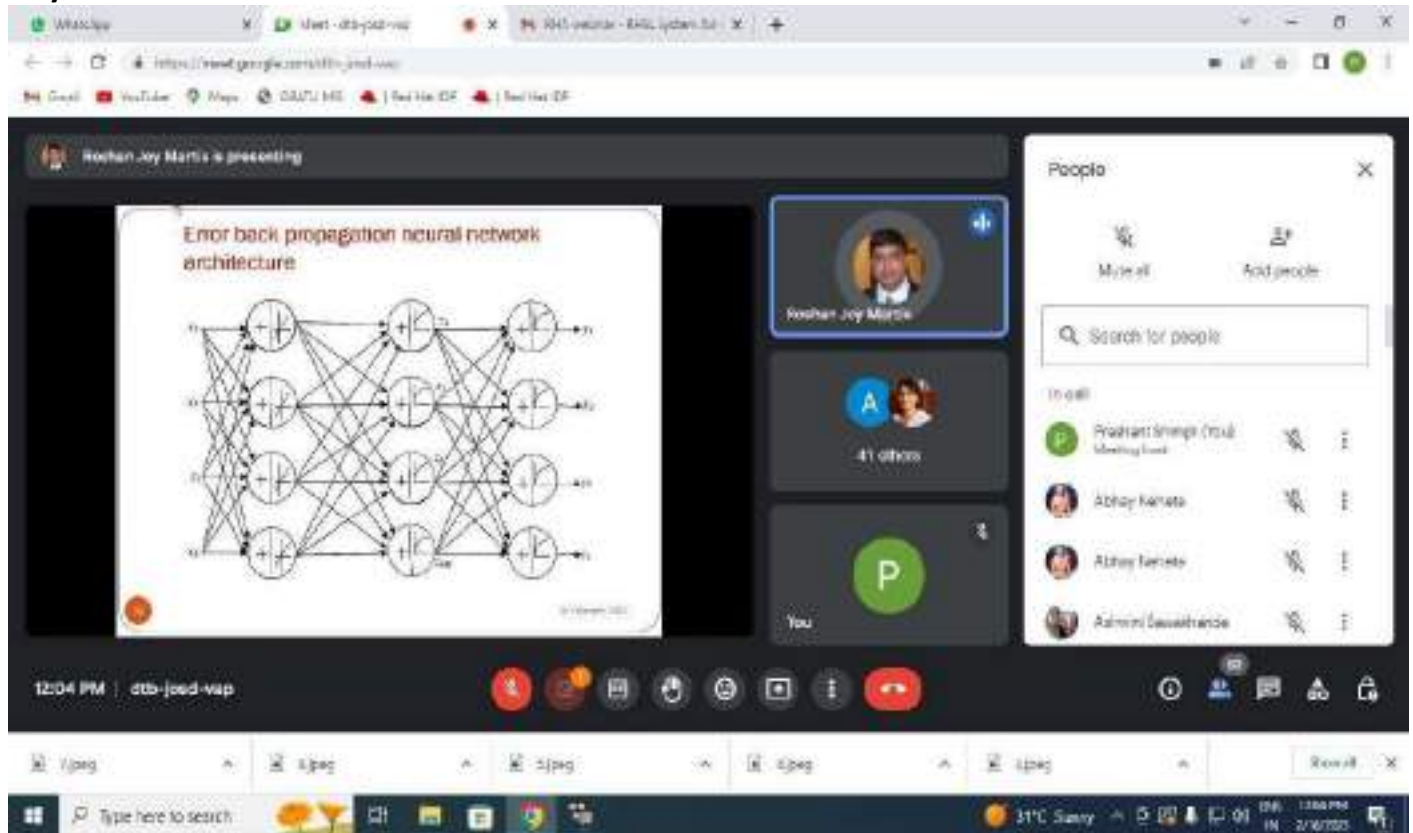

- Emojis**

Emojis have become a part of daily life and are more effective in expressing one's sentiment compared to words. However, as the sentiment analysis tools depend on written texts, emojis cannot be classified accurately and thus are removed from many analyses.

**Solution:** Determining the emoji tags and implementing them into your sentiment analysis algorithm.

The interface also shows a "People" panel on the right with participants: Prashant Shimpi (You), Abhay Khetani, Anil Kumar Venkatesh, and Arvind Lokhande. The bottom status bar shows the time as 11:37 AM and the host as ddb-josd-vop.

# Day-5

The screenshot shows a Zoom meeting in progress. The main window displays a code editor with a table of data. The table has columns for 'id', 'name', 'age', 'gender', and 'email'. The data is as follows:

id	name	age	gender	email
1	John Doe	30	Male	john.doe@example.com
2	Jane Smith	25	Female	jane.smith@example.com
3	Mike Johnson	35	Male	mike.johnson@example.com

8	Alice Green	29	Female	alice.green@example.com
9	Bob Black	33	Male	bob.black@example.com
10	Grace Taylor	26	Female	grace.taylor@example.com

Participants in the meeting include: Swati Shinde, Prasad Kulkarni, Yashvini Kulkarnagar, Smriti Patil, Rajat Attarde, Ashwini Torkar, and 40 others. The meeting title is 'Santir Ajit is presenting'. The system tray shows the time as 12:34 PM on 2/10/2020.

The screenshot shows a Zoom meeting in progress. The main window displays a code editor with a large block of text, likely a README or a long comment. The text is partially obscured but appears to be a standard document structure. Participants in the meeting include: Prasad Shinde, Prasad Kulkarni, Yashvini Kulkarnagar, Smriti Patil, Rajat Attarde, Ashwini Torkar, and 39 others. The meeting title is 'Santir Ajit is presenting'. The system tray shows the time as 12:32 PM on 2/10/2020.

**Speaker:**

Mr. Vishal Deshpande  
Head of Startup  
Incubation Center (SIC)

**Topic:** Process of innovation development, technology readiness level (TRL) commercialization of lab technologies & tech transfer.

**Speaker Profile:**

Over 25+ years of experience in ICT (Information and TeleCommunication Technology) Industry, worked with large Global Product R&D organizations

- Working as Head of Startup Incubation Center (SIC). This SIC was setup under national funding (RUSA). Helped in creating an Accelerator ecosystem for incubating technology Start-ups from concept to launch. Certified in "StartUp India" program.
- Handled engagements at CxO level stakeholders, Managed multi-million \$\$ deals and Managed large teams (200+ resources) with global talent.
- Strong expertise in setting up Delivery Organization at new locations, setting up and running a new Account/Program, strong grip on OSDC and GDM Delivery models, Agile delivery methodology, Stage-Gate process for New Product Development (NPD).

**Key Learning and Take-Aways:**

Mr. Vishal Deshpande addressed the Process of innovation development, technology readiness level (TRL) commercialization of lab technologies & tech transfer.

He has Strong expertise in Innovative Technologies including :

- Cloud - NFVi (AWS, Azure, Mirantis based CEE, RHOSP 10 based NFVi)
- Artificial Intelligence and Machine Learning (Certified in Python and 'R')
- 5G and 4G LTE
- IOT (Internet of Things)
- SDN (Software Defined Networks)

Institution innovation council (IIC) of Godavari foundations Godavari College of Engineering, Jalgaon Maharashtra organized a expert talk on Process of innovation development, technology readiness level (TRL) commercialization of lab technologies & tech transfer in offline mode at Dr. APJ Abdul Kalam Hall, GF's Godavari college of engineering, Jalgaon. It was well-received by more than 50 participants from students & faculties of Institute. The event was started at 12.50 pm. Prof. Shaffiq Rahman started the session with a warm welcome to all the attendees and delivered his small inaugural speech, next to him Prof. Hemant Ingle Head E&TC Department and Vice-President IIC. After the end of the introduction session, it was taken over by the eminent speaker Mr. Vishal Deshpande who is currently Head of Startup Incubation Center (SIC), Pune. The Program is Coordinated By Prof. Hemraj Dhande,

Key areas of his discussion are –

- Process of innovation development
- Technology readiness level (TRL)
- Commercialization of lab technologies
- Tech transfer

He boosted the confidence of all the attendees with his interactive presentation. He also play a game with students to understand various level of industry and encouraged them all to believe in themselves. He ended his lecture with a small questions and answers session with the attendees. The vote of thanks was delivered by Prof. Shaffiq Rahman

Report On Induction Program (22-23)**

To grow with the new environment and to inculcate in them ethos of the institution with a sense of larger purpose, we conducted offline induction program from 21<sup>st</sup> November 2022 – 09<sup>th</sup> December 2022.

Following are the activities under the induction program in which the students would be fully engaged throughout the day for the entire duration of the program.

**1. Day (21<sup>st</sup> November 2022) –**

On this day all admitted students were registered. We allotted them roll no. with their divisions. Also informed them about mentor – mentees scheme and allotted them their respective mentor teacher to solve their any difficulties throughout the year.

**2. Day (22<sup>nd</sup> November 2022) –**

All students were welcomed and gave them tea for little refreshment .After that, all parents, students and all teachers were gathered in Homi J. Bhabha hall for further function.

**About Institute**

Godavari College of Engineering was started by Godavari Foundation in 1998 to impart quality education in the field of Engineering & Technology. Godavari College of Engineering is just one of the centers of Godavari Foundation set up by persons with high academic record at the behest of very young shrotri Dr. Uthas Patil in 1999 at Jalgaon. College is approved by AICTE, New Delhi; recognized by Govt. of Maharashtra and affiliated to Dr. Babasaheb Ambedkar Technological University, Lonere.

**About the Department**

The Department of Computer Engineering was established in 1998 with the objective of imparting quality education in the field of Computer Engineering. The focus of the department is to produce graduates & post-graduates with strong fundamentals in Computer Engineering domain.

**Introduction**

Data Science basically is an amalgamation of mathematics, programming, statistics and design which are applied in order to successfully manage digital data collection. It is a multi-disciplinary field that uses scientific methods, processes, algorithms and systems to extract knowledge and insights from structured and unstructured data.

**Objective**

To impart necessary knowledge of the mathematical foundation needed for data science and develop programming skills required to build data science application. To support faculty and Research scholars in understanding concepts of Data Science for Research and Teaching.

**Topics to be Covered**

- ✓ Introduction to Machine Learning & Data Science
- ✓ Machine Learning Fundamentals
- ✓ Data Science Fundamentals
- ✓ Introduction to Python
- ✓ Python for Data Science
- ✓ Python for Data Visualization
- ✓ Exploratory Data Analysis – Fundamentals

- ✓ Dimensional Reduction and Visualization
- ✓ Principal Component Analysis
- ✓ Introduction to Regression

**Eligibility**

Faculty members / Research Scholars from AICTE approved Engineering Degree/Diploma colleges are eligible to participate.

**Registration**

Participants please register on below Registration Link & Join WhatsApp group - <https://forms.gle/whsPvtrcuGZ89e61Z>

**Registration Fees: Rs. 200/- Per Participant**

**Payment Mode**

**UPI or QR Code**

To pay the fees please scan the QR code or pay on UPI ID: [prashant.dshimpi@okaxis] with your name on Note.

**Note:**  
Candidates should complete the registration form and Payment. Send it by mail with Payment completion receipt/details to [prashant.dshimpi30@gmail.com](mailto:prashant.dshimpi30@gmail.com)

# IEEE BS EAC FDP on “Blooming Research Areas Under IoT: A 360-Degree View”

Date- 02-05-2023 to 07-05-2023

## **Introduction:**

Every nation currently makes extensive use of the Internet of Things (IoT). Governments, academia, and industry are all taking part in IoT research, business, and implementation in different ways. From the consumer to the military, IoT encompasses a variety of commercial and industries. Agriculture, spaceflight, healthcare, manufacturing, construction, water, and mining are among the sectors that are currently updating their legacy infrastructure to include IoT. A variety of IoT solutions are being developed as a result of the viability of ubiquitous connectivity, storage, and computation. IoT-based systems are increasingly being employed in emergency alerts, remote health monitoring, cutting-edge retail systems, infrastructure management in urban and rural areas, and transportation. Therefore, it is essential to comprehend the fundamentals of this novel technology.

## **Objectives:**

- The objective of this FDP is to explore the current industry trends in IoT, which encompass a broad variety of skills that are essential to daily business, day-to-day life, and the workplace.
- To cover various IoT platforms and tools deployed in projects to build practical projects or products based on IoT.

## **Outcomes:**

- Learners will be able to apply IoT expertise to the key sectors that IoT is transforming.
- Through Hands-on Session Learners will, be able to apply practical Knowledge to develop an expertise in IoT research areas Schedule.

## Schedule:

IEEE BS FDP (OCBW) on "Blooming research areas under IoT: A 360-degree view" 02 May, to 07 May, 2023

Day and Date	10:00 am-11:00 pm	11:00 am-12:00 pm	12:00 pm-12:45 pm	12:45 pm-1:45 pm	1:45 pm-2:45 pm	2:45 pm-3:00 pm	3:00pm-4:00pm	4:00pm-5:00pm

**Day-1 Tuesday  
(May 2, 2023)  
10 am to 11 am - Inauguration Function**

**Brief Summary**

Under the esteemed guidance of Mr. Anand Gharpure, Chairperson, IEEE Bombay Section EAC (Educational Activities Committee) the IEEE BS FDP on “Blooming Research Areas Under IoT: A 360-Degree View” was inaugurated by Chief Guest Dr. Lochan Jolly, Chair, IEEE BS-EAC. Prof. Vijay D. Chaudhari, Program Coordinator, had given introduction of Dr. Lochan Ma’am. In her speech she elaborated, in a broad view, about benefits of joining the IEEE research community.

During the inauguration, Prof. Hemant Ingale, IEEE FDP Coordinator has explained the purpose of arranging this IEEE FDP. Dr. Vijaykumar Patil, Principal, GF’s Godavari College of Engineering, Jalgaon has focused on the benefits of the Internet of Things (IoT). Then, program Convener Dr. Kavita Sonawane (SFIT) has cleared the view of arranging such FDPs and guided the audience. Prof. Shirin Pinjari was the host anchor. Vote of thanks was given by Prof, Nidhi Gaur (SFIT).

## IoT as a Network of Networks:

Internet of Things

1. Individual networks
2. Connected together
3. With security, analytics, and management

These networks connected with added security, analytics, and management capabilities. This will allow IoT to become even more powerful in what it can help people achieve.

### Session 1, 12.45 pm to 2.45 pm: Fog Computing, Smart Cities and Smart Homes

Name of Speaker	Designation	Experience	Topic Covered
Ritesh kumar	Technical Head, Sr. Trainer and consultant, Ducat India, Noida	14 yrs	Fog Computing, Smart Cities and Smart Homes

#### Brief summary:

In this session, the speaker elaborated about Fog computing, environment control, servers, IoT Cloud platform with waste management example.

## Screenshot of Google Meet Session

The screenshot shows a Google Meet window with a slide titled "What is fog computing?". The slide content includes:

- What is fog computing?**
- The term "fog computing" was coined by Cisco and is in reference to an extension of cloud computing to the edge of the network.
- A diagram illustrating the architecture of fog computing. It shows a central cloud labeled "Cloud Computing" connected to three smaller clouds labeled "Fog". Below the "Fog" clouds are various devices: a car, a laptop, and a smartphone. The diagram is labeled "Fog Computing" and "IoT Devices".

Participant avatars visible in the grid include:

- surjans sharma (green circle with 'S')
- Avni Mahra (black circle with profile picture)
- 13 others (pink circle with 'R')
- You (pink circle with 'H')

The bottom of the window shows a Windows taskbar with the time 12:51 PM and system tray icons.

The screenshot shows a Google Meet window with a slide titled "IoT Cloud Platforms". The slide content includes:

- IoT Cloud Platforms**
- Logos for Amazon Web Services, Microsoft Azure, and Google Cloud.
- A section titled "Introduction to IoT Cloud Platforms" with a sub-heading "IoT cloud platforms to be best at bringing together the capabilities of IoT devices and cloud platforms to perform real-time and critical data processing services".
- A "GET IT FREE" button.

Participant avatars visible in the grid include:

- Stack Kumar (blue circle with 'R')
- RAJESH MEDHUM (pink circle with 'R')
- JYOTISH MITAL (green circle with 'J')
- IT Department (blue circle with 'IT')
- surjans sharma (green circle with 'S')

Web of Everything using IOT**

<b>Name of Speaker</b>	<b>Designation</b>	<b>Experience</b>	<b>Topic Covered</b>
Ritesh kumar	Technical Head, Sr. Trainer and consultant, Ducat India, Noida	14 yrs	Web of Everything using IOT

### **Brief summary:**

In this session, the speaker elaborated the comparison between Web of Things (WoT), Internet of Everything (IoE) and (M to M) machine top machine connectivity.

## Screenshot of Google Meet Session

This screenshot shows a Google Meet session in progress. The main window displays a presentation slide titled "WoT vs IoT". The slide compares "Web of Things" and "Internet of Things".

Web of Things	Internet of Things
<ul style="list-style-type: none"> <li>Easier to design</li> <li>Easier to integrate</li> <li>Simpler to prototype and deploy</li> <li>Easier to maintain large systems</li> </ul>	<ul style="list-style-type: none"> <li>More lightweight</li> <li>Optimised for embedded devices</li> <li>More integrals and hard wired solutions</li> </ul>

The meeting interface includes a grid of participants on the right, a toolbar at the bottom with a "Testing Status" indicator, and a Windows taskbar at the very bottom.

This screenshot shows a Google Meet session in progress. The main window displays a presentation slide titled "IOE (Internet of Everything)".

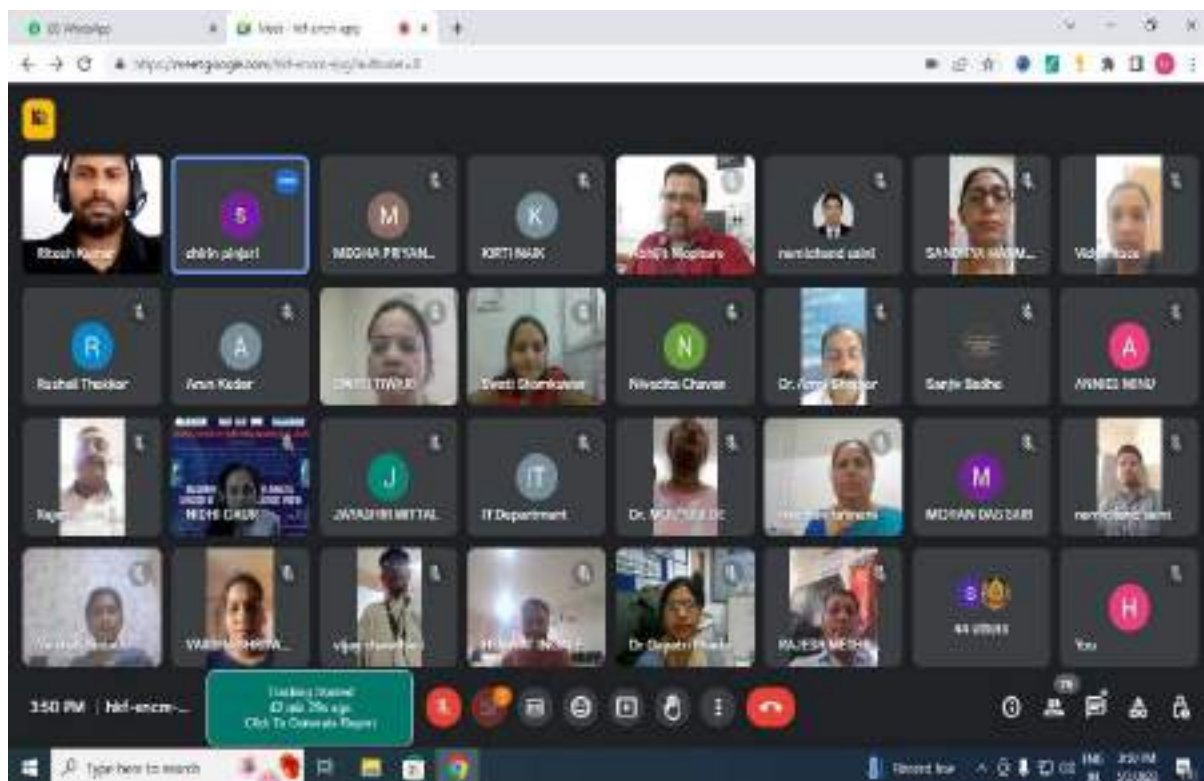

**IOE (Internet of Everything)**

- Internet of Everything is actually the superset of Internet of Things, meaning the technical characteristics belonging to IoT are also present in IOE but not vice-versa. It is a broader concept, definition strategically being initiated by Cisco. It basically contains four main types of elements that could connect with any other:
  - Things** comprise of those devices, sensors, actuators, etc. that send to other geo-located or remote from other sources, such as smart thermostats and other similar objects.
  - People** are the end nodes who exchange or share information through social networking sites, health and fitness trackers, and so on.
  - Data** is in its raw form which is analysed and processed into insights. Information such as intelligent services could be made and entire data centres could be networked. For instance, average number of high-temperature hours each day could be calculated based on the inputs of temperature logs.
  - Networks** are there to connect the things, people and data in order to put more value. For instance, using social networks and smart fitness trackers in order to advertise relevant healthcare offerings to potential customers.

The meeting interface includes a grid of participants on the right, a toolbar at the bottom with a "Testing Status" indicator, and a Windows taskbar at the very bottom.

Ritesh Kumar is presenting

## Challenges and Techniques

- Diversity of IoT ecosystem:**  
 The IoT ecosystem is comprised of devices ranging from low-end sensors to smart devices achieving their purposes. The connected smart battery life, longevity of operation, security of network protocols, and the requirements in terms of these devices vary from device to device. The varying protocols, integration or coexistence can be challenging as the devices are designed for varying processing, data storage, and other features. The devices are designed to work from a wide variety of devices that are heterogeneous.
- Complexity of IoT architecture:**  
 The architecture of IoT systems is becoming increasingly complex due to its heterogeneous operating systems and network protocols. The connected smart devices and networks of devices have a wide variety of capabilities, features, and protocols. The devices are designed to work from multiple vendors. Performing operations with standard protocols can be difficult as they may not support the same data formats. Specialized tools are required for IoT network forensic and computer forensic tools and techniques are required to extract data and analyze them in order to gather useful evidence. Complex networking techniques may be required to extract data stored in specific proprietary devices.

Ritesh Kumar is presenting

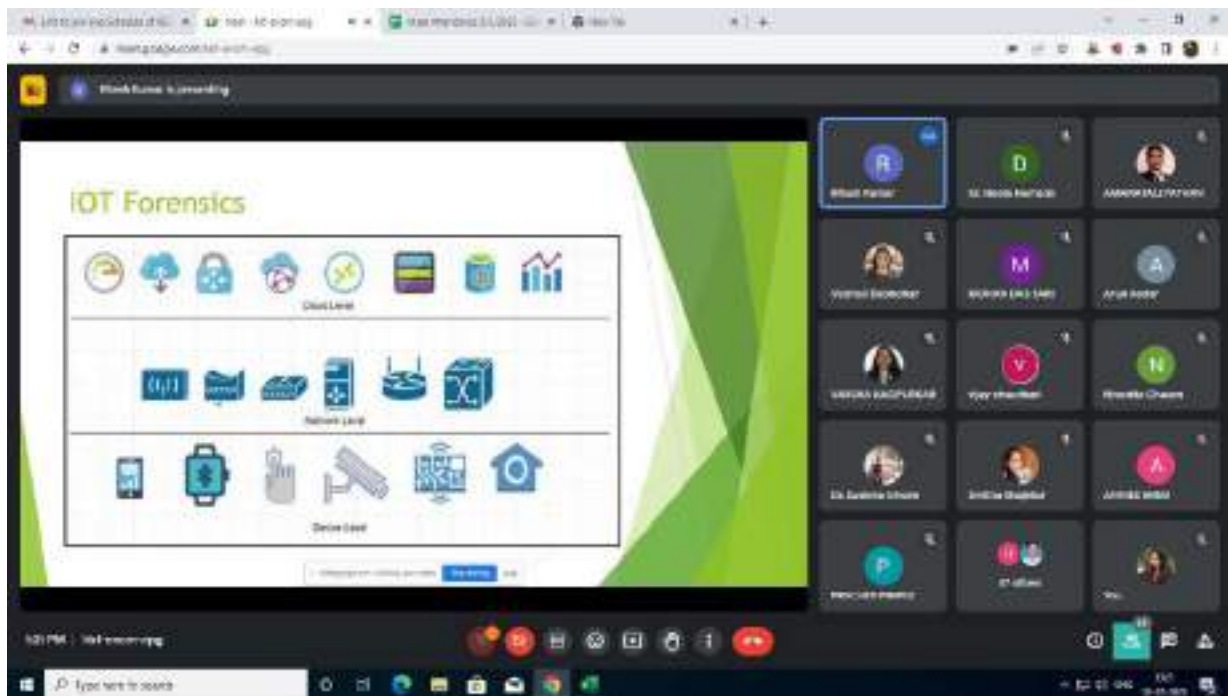

- Privacy concerns:** The retrieval and storage of the data can become challenging due to the global distribution of data and other factors, such as privacy and jurisdiction, can further complicate matters. Investigators may need to seek legal authorization or warrants from other governments as well as permissions from users to access data from sources where data are stored in the cloud. Clear policies and methodologies need to be implemented followed when handling evidence that may contain personal and sensitive information belonging to witnesses and other data sources that may be relevant to the investigation.
- Chain of custody and data integrity:** For acquired evidence to be accepted as legitimate and admissible in a court of law, it is mandatory to prove the chain of custody and data integrity. This becomes challenging if IoT forensic data are moved from devices to the cloud due to inherent storage limitations. The courts require the chronological history of the evidence and proof that it has not been changed or tampered with in any way throughout the entire process. Forensic investigators need to be able to prove the chain of custody and integrity of data through their analysis and preservation to convince the courts to accept the evidence.

Industrial Process in IoT: Business Model/Smart Factories

Name of Speaker	Designation	Experience	Topic Covered
Mr. Bhanwar Lal Bishnoi	Senior General Manager - R&D, Schneider Electric Company	20 yrs	Industrial Process in IoT : Business Model / Smart Factories

## Brief Summary

The speaker has explained the 4<sup>th</sup> industrial revolution from Mechanization to Digitization, also elaborated the terms Smart factory, smart industry, smart manufacturing & leveraging the challenges & opportunities. He also put insights on IoT Eco-system, value chain etc.

## Screenshot of Google Meet Session

The screenshot displays a Google Meet session in progress. The main content is a presentation slide titled "Industry 4.0 – Smart Industry or Smart Factory". The slide features a central green star with "IoT AI" written inside. To the left, there is a diagram of a cloud labeled "Digital Transformation" with arrows pointing to various icons. To the right, there is a diagram of a factory floor with various IoT and AI symbols. Below the title, the slide lists "INDUSTRY 4.0" and "Bhawar Lal Bishnoi (BLB) – SMIEEE Head – Embedded Design & Development Center (EDDC) L&T-Electrical & Automation – Mumbai, India". Logos for "PES" and "IEEE" are visible at the bottom of the slide. The right side of the screen shows a grid of participant video thumbnails, some with names like "H", "K", and "A". The bottom of the screen shows the Windows taskbar with the time 11:41 AM and date 18/03/2022.

## Smart Factory – System Architecture

The diagram illustrates the Smart Factory System Architecture. It is divided into three main layers:

- Top Layer (Business Systems):** ERP, PLM, and CRM.
- Middle Layer (Integration):** IloT (Industrial IoT) and NEXT GEN SYSTEM, which includes Marketing with Layers and Web & mobile.
- Bottom Layer (Physical/Operational):** Sensors/ Actuators, Control, and MOMMES (Manufacturing Operations Management).

Arrows indicate the flow of data and control between these components. The diagram is attributed to IEPES and IEEE.

## Roadmap for developing the AI and Analytics Strategy

- 01 Understand your starting position**  
Understand the current capabilities and how they can be scaled, matured and ready for expansion
- 02 Find a Champion**  
Identify the right leader to sponsor transformation change. You need CEO, COO and CIO on independent internal evaluation and define your organization as you start to implement change
- 03 Define your strategy**  
Determine your target maturity level and the value that best supports your business strategy
- 04 Develop the appropriate road map**  
Define the necessary implementation steps and work them into a broader road map
- 05 Deploy small pilots**  
Test 'pilot house' models of automation using the end-to-end for a specific problem, rather than implementing a broad set of technologies on a broader scale
- 06 Organized cultural and capability development**  
After a successful pilot, the value should be addressed to business areas where opportunities to expand

## How Blockchain Works ?

- 1 A and B wish to conduct an "interaction" or "transaction".
- 2 Cryptographic keys are assigned to the interaction that both A and B hold.
- 3 The interaction is broadcast as verified by a distribution network.
- 4 Once validated, a new block is created.
- 5 This block is added to the chain, creating a permanent "golden source" of interaction.
- 6 The transaction between A and B is completed.

3:05 PM | Meeting details

Dr. Sangita Chaudhari is presenting

## Where to use blockchain ?

- 1 Are there multiple parties in this ecosystem?
  - Blockchain permits secure multi-party parties in the network. One participant retains an "irreversible" record.
- 2 Is establishing trust between all the parties an issue?
  - Blockchain permits trust between participants by having multiple points of verification.
- 3 Is it critical to have a tamper-proof permanent record of transactions?
  - Blockchain's distributed ledger records the correct order of events.
- 4 Are we securing the ownership or management of a finite resource?
  - The logic of the system is designed to prevent double spending of assets and avoid ownership and control issues.
- 5 Does this ecosystem benefit from improved transparency?
  - Blockchain are transparent by design - most ownership or control of assets is public and transparent by design.

Dear all,

It gives us immense pleasure to share with you that the Institution's Innovation Council (IIC), GF's Godavari College of Engineering, Jalgaon, is organizing an online seminar on "Opportunities for Students & Faculties – Early Stage Entrepreneurs" under aegis of IQAC on 23rd August 2022, Tuesday at 11.00 AM onwards on Google meet application. About GF'S GCOE: An Engineering college, Accredited by NAAC, affiliated with Dr. Babasaheb Ambedkar Technological University, Lonere. We believe in the Tradition of Excellence, since 1999. Very pleasant Learning Ambience Campus, in the neighborhood of MIDC. Who can attend the Program: Diploma & Engineering Students, Research scholars & Faculty Members.

Objectives of Program:

1. How to get support for converting Innovative idea into a Start-up from any Incubation Centre/Accelerators.
2. To illuminate the participants about various aspects of incubation & accelerators.
3. To clear the idea how these incubation centres help in developing the business & solving problems associated with it.
4. To understand the steps for getting incubated with useful links or information.

Seminar Date:

23rd August 2022. (Tuesday) Time: 11.00 AM Onwards.

## Overall Report of the Activity

<b>Date:</b> 23/01/2023	<b>Time:</b> 11.00 AM TO 12.00PM
<b>Speaker:</b> Mr. Vijay V Chaudhari Director Bio-medical Engineering, Dr. Ulhas Patil Medical College and Hospital Jalgaon kh.	<b>Topic:</b> Problem Solving and Ideation
<b>Speaker Profile:</b> Mr. Vijay V Chaudhari Director Bio-medical Engineering, Dr. Ulhas Patil Medical College and Hospital Jalgaon kh.,	
<b>Key Learning and Take-Aways:</b> <i>Prof. Vijay Chaudhari addressed both problem solving and ideation simultaneously. According to him, both are very closely related phenomena. Problem solving requires new ideation. In this session, Prof. Vijay Chaudhari emphasized some key areas that must be kept in mind when we are progressing in problem solving and ideation that are</i> <ul style="list-style-type: none"><li>• Focus on being a entrepreneur</li><li>• Innovation should address all the people in the society</li><li>• Economic growth of the society as well as the country mostly depends on entrepreneurs.</li></ul> <i>According to him, ideation whatever it is small or large; it must be unique in nature. From this session we all learned to identify &amp; address the problem in the existing society, find out its solution in an innovative way that opens the door of entrepreneurship.</i>	

Institution innovation council (IIC) of Godavari foundations Godavari College of Engineering, Jalgaon Maharashtra organized one day workshop on Problem Solving and Ideation as Career in offline mode at Dr. APJ Abdul Kalam Hall, GF's Godavari college of engineering, Jalgaon. It was well-received by more than 40 participants from students & faculties of Institute. The event was started at 11.00 am. Ms. Vajecha Fatima started the session with a warm welcome to all the attendees. Then the president of IIC Dr. Vijaykumar, Principal of this college delivered his small inaugural speech, next to him Prof Hemant Ingle Head E&TC Department and Vice-President IIC. After the end of the introduction session, it was taken over by the eminent speaker Prof. Vijay Chaudhary who is currently the Director of Bio-medical Engineering, Dr. Ulhas Patil Medical College and Hospital Jalgaon kh. The Program is Coordinated By Prof. Harish Patil, Anchoring is done by Ms. Vajecha Fatima and Offline activities are managed by Prof Jayashri Patil.

- **Key areas of his discussion are –**
- **Innovation must be sustainable**
- **It should address all the people in the society**
- **Economic growth of the society as well as the country**
- **Cost effectiveness of the new product or service**

**He boosted the confidence of all the attendees with his interactive presentation and encouraged them all to believe in themselves. He ended his lecture with a small questions and answers session with the attendees. The vote of thanks was delivered by Ms. Vajeaha Fatima**

## गोदावरी अभियांत्रिकी महाविद्यालयात युवक दिन साजरा

जयगमाय - स्वाामी विवेकानंद यांच्या जयंतीनिमित्त गोदावरी अभियांत्रिकी महाविद्यालयामध्ये राष्ट्रीय युवक दिन १२ जानेवारी २०२३ रोजी साजरा करण्यात आला. कार्यक्रमाप्रसंगी महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील, डॉ. नितीन भोळे (प्रमुख बॅरिक सायन्सेस अँड स्मार्टिटीज), डा. लेनल इंगळे (अधिष्ठाता), डा. तुषार बरोडी (पंत विभाग प्रमुख) तसेच सर्व प्राध्यापक वर्ग व विद्यार्थी उपस्थित होते.

कार्यक्रमाच्या सुरुवातीला स्वाामी विवेकानंद तसेच जिजाऊ माता यांच्या प्रतिमेस पुष्पहार अर्पण करून अभिवादन करण्यात आले. त्यानंतर विद्यार्थ्यांसाठी आयोजित करण्यात आलेल्या स्तूत्य स्पर्धेला सुरुवात झाली. स्तूत्य स्पर्धेमध्ये प्रथम वर्षाचे विद्यार्थी सचयण खडके, वैभव अहिर, शेवा बोरसे, कुशल बागुल, उधयेश पवार यांनी सहभाग नोंदविला. अतिशय स्पर्धामय उदाहरणांचे स्वीकृती देऊन या विद्यार्थ्यांनी स्वामी विवेकानंद यांनी केलेल्या कार्याची माहिती विशद केली.

महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील यांनी स्वाामी विवेकानंद यांच्या जीवनपट्टावर व कार्यावर प्रवेश टाकत, त्यांनी सांगितले, युवकांनी सक्षमतेने कार्याचे अन्वयकारण करून त्यांचे विचार अल्पसंख्येने करण्याची जतन आहे. सामाजिक परिवर्तन युवकांच्या माध्यमातून शक्य असल्याचे त्यांनी सांगितले. कार्यक्रमाचे सयन्सक सक्षम डा. संकुल पाटील यांनी कला पाहिले. सुरुवातीत व आधा प्रदर्शन प्रथम वर्षाचे विद्यार्थी अक्षय भोळे व चेतन बरिष्कर यांनी केले.

## गोदावरी अभियांत्रिकी व तंत्रनिकेतनमध्ये जागतिक महिला दिन उत्साहात

**जळगाव** – गोदावरी फाउंडेशन संचालित गोदावरी अभियांत्रिकी व तंत्रनिकेतन महाविद्यालय जळगाव येथे ८ मार्च २०२३ रोजी जागतिक महिला दिन साजरा करण्यात आला.

या कार्यक्रमाप्रसंगी प्रमुख पाहुणे सी. जयश्री पाटील (अधीक्षक, मुलींचे बालगृह/निरीक्षण गृह जळगाव) या उपस्थित होत्या. त्यांच्यासोबत महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील, प्रा. दीपक झांबरे (समन्वयक, तंत्रनिकेतन), प्रा. हरीश इंगळे (अधिकाता) सर्व विभागप्रमुख प्राध्यापक वर्ग आणि विद्यार्थी अधिक संख्येने उपस्थित होते.

कार्यक्रमाच्या सुरुवातीला प्रथम शिक्षिका प्रवृत्तीश्रीमती सावित्रीबाई फुले यांच्या प्रतिमेस पुष्पहार अर्पण करून अभिवादन करण्यात आले. त्यानंतर आलेल्या मान्यवरांचे पुष्पगुच्छ देऊन स्वागत करण्यात आले. त्यानंतर महाविद्यालयाच्या प्रथम वर्षाच्या दिवा बॉटे व ग्रीष्म पाटील या विद्यार्थिनींनी मनोगत व्यक्त केले.

महाविद्यालयाचे प्राचार्य डॉक्टर विजयकुमार पाटील यांनी त्यांच्या मार्गदर्शनात पुरुष व स्त्री यांच्या समानतेवर भाष्य केले. आजच्या घडीला स्त्री ही पुरुषाच्या सोबत सर्व प्रकारच्या क्षेत्रांमध्ये कार्य करीत आहे. त्या स्त्रीचा यथोचित सन्मान आपण नक्कीच करायला हवा. शिष्यांचा प्रत्येक क्षेत्रातील धाटा हा अतुलनीय आहे.

प्रमुख वक्त्या जयश्री पाटील अधीक्षक या पदावर कार्यरत आहे. त्यांनी त्यांच्या मार्गदर्शनात महिला सशक्तीकरण या विषयावर त्यांचे

मत व्यक्त केले. स्त्री मध्ये सहनशीलता, बचत वृत्ती, स्मरणशक्ती हे गुण सर्वात अधिक असतात, कारण निसर्गाने निर्मितीचा अधिकार सियांस दिला आहे. जरी संविधानाने स्त्री व पुरुषांना समान अधिकार दिले असले तरी भारताच्या पुरुषप्रधान संस्कृतीमुळे स्त्री आज समाज व कुटुंबाचे बंधनात अडकून पडली आहे.

महिला सशक्तीकरण फक्त कार्यक्रमा पुरता मर्यादित न राहता वास्तविकत महिलांना त्यांच्या क्षमतांची जाणीव करून वैयक्तिक स्वातंत्र्य व निर्णय घेण्याचा अधिकार मिळणे हीच त्याचप्रमाणे महाविद्यालयांमध्ये महिला दिनाविमित लैंगिक समानता या विषयावर पोस्टर कॉम्पिटिशनचे आयोजन केले होते, त्यामध्ये महाविद्यालयाच्या विद्यार्थ्यांनी आपला सहभाग नोंदविला. त्याचप्रमाणे विद्यार्थ्यांनी उत्कृष्टपणे पोस्टरचे मादरीकरण केले.

**Topic:** Entrepreneurship and  
Innovation as Career

### **Speaker Profile:**

Dr. Daniel C received his B. Tech, M. Tech, Ph. D program from Karunya Institute of Technology and Sciences, Coimbatore, India. He served at Karunya Institute of Technology as Junior and Senior research fellow for a DST project outlay of 2.57 Crores from 2016- 2019. He worked as a Senior Project Scientist in Meta Lab as a post doctoral researcher in IIT Delhi. Currently, he is working as an Assistant Professor, Department of Civil Engineering, Hindustan Institute of Technology and Science, Chennai. His teaching and research interests include on Smart Materials, Supplemental Damping Device, Energy Harvesting Device, Vibration Control Techniques and Hybrid Simulations. Dr. Daniel C has published more than 27 indexed research publications in reputed International Journals and Conferences. He is the Research trainer and Ex Founder for Manuscriptpedia, Kanyakumari and MSME Research training programs. He is a member of American Society of Civil Engineers, the American Society for Testing and Materials, the Institution of Structural Engineers, and the International Associations of Engineers. He is the reviewer of 8+ SCI-indexed journals.

### **Key Learning and Take-Aways:**

Dr. Daniel C addressed both innovation & entrepreneurship simultaneously. According to him, both are very closely related phenomena. Innovation requires entrepreneurial behavior. In this session, Dr. Daniel C emphasized some key areas that must be kept in mind when we are progressing in innovation & entrepreneurship that are -

- Focus on being a entrepreneur
- Innovation should address all the people in the society
- Economic growth of the society as well as the country mostly depends on entrepreneurs.

According to him, innovation whatever it is small or large; it must be unique in nature. From this session we all learned to identify & address the problem in the existing society, find out its solution in an innovative way that opens the door of entrepreneurship.

• Institution innovation council (IIC) of Godavari foundations Godavari College of Engineering, Jalgaon Maharashtra organized one day sensitization program on Entrepreneurship & Innovation as Career in online mode (Google meet platform). It was well-received by more than 40 participants from students & faculties of Institute. The event was started at 10.30 am. Prof. Atul Barhate Head Electrical Engineering, Convener & Innovation, IIC started the session with a warm welcome to all the attendees. Then the president of IIC Dr. Vijaykumar, Principal of this college delivered his small inaugural speech, next to him Prof Hemant Ingle Head E&TC Department and Vice-President IIC. After the end of the introduction session, it was taken over by the eminent speaker Dr. Daniel C who is currently the Assistant Professor of Department of Civil Engineering, Hindustan Institute of Technology and Science, Chennai. The Program is Coordinated By prof. Mahesh H Patil, Anchoring is done by Prof Lalita Patil and Online activities are managed by Prof Prashant Shimpi.

- Key areas of his discussion are –
- Innovation must be sustainable
- It should address all the people in the society
- Economic growth of the society as well as the country
- Cost effectiveness of the new product or service

He boosted the confidence of all the attendees with his interactive presentation and encouraged them all to believe in themselves. He ended his lecture with a small questions and answers session with the attendees. The vote of thanks was delivered by Professor Lalita Patil
